

# School

## Improvement Plan

### Behaviour & Attitudes

- To make sure staff well-being and workload is closely monitored across the school.
- To increase pupil attendance to 97% by July 2020.
- To continue to monitor all pupil attendance across the school.

A child-friendly version

This year's plan to make St Joseph's school even better! We want our school to be full of inspired individuals who truly achieve and excel. This is our plan that will help us to get there:

### Leadership and Management

- To make sure the adults leading the school have high aspirations for every pupil in our school.
- To develop the teachers' leadership skills by developing opportunities for leadership.
- To ensure leaders improve the curriculum you are taught.
- To develop our governors to enable them to challenge Mrs Walker when they visit the school.

### Quality of Education

To improve our mathematics skills so that we make rapid progress in maths

To develop a LEARNING curriculum that shares rich experiences and enables pupils to achieve excellence

To improve the Personal Development, behaviour and welfare of children so that it is outstanding.

- To review and publish a new marking policy that will help improve children's learning and allow opportunities to respond to feedback.
- To further support some of our pupils who speak another language so they feel more confident about their learning.
- To establish a well-being charter for both pupils and staff.
- To introduce a team of mental health first aiders across the school, working alongside our Thrive approach.
- To ensure Phonics is being taught consistently across the school and purchase resources to support this.
- To ensure there are writing opportunities across the whole curriculum to develop our writing skills.
- To continue to develop our love of reading.

- To ensure pupils are able to understand more difficult concepts so they can achieve greater depth in all core subjects.
- To introduce the new Inspire Maths scheme across the school.

- To develop a curriculum that is personalised to the needs of our pupils.
- To launch our LEARNING skills with the whole school community.
- To publish our revised curriculum and skills maps.
