Parents' Guide to the Reading Passport

Dear Parents and Carers,
We are excited to introduce the Reading Passport – a fun and motivating way to support your child's reading journey both in school and at home!

Why Reading at Home Matters

Regular reading at home is one of the most powerful ways you can support your child's education. Just 5 minutes a day can make a huge difference – building vocabulary, improving comprehension, and developing a love for books. Over time, these small moments add up to a lifetime of opportunity. Research shows that regular reading can significantly boost a child's academic progress and improve life chances.

What is the Reading Passport?

The Reading Passport is a personalised reading journey for your child. It encourages children to explore a wide range of age-appropriate books designed to motivate and challenge readers at every level. Each passport includes a variety of genres, themes, and styles – so there's something to spark the interest of every child.

How it works

Children are encouraged to choose a book to read from the list on the class reading passport. Once they have read the book they will be asked to rate the book and provide a review for their class. For each book they read there will be a reading reward to choose from that include bookmarks, badges and pencils. The biggest reward will be to see how their reading improves through their increased reading habits at home. Reading fluency and increased comprehension will provide them with the greatest gift that will last a lifetime – a love of books!
